

**VOLUNTARY REMEDIATION PROGRAM  
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

**PROJECT SUMMARY**

<b>Site Name:</b>	Former Chevron Facility
<b>Applicant's Name:</b>	Chevron Products Company
<b>Site Location:</b>	945 West Kilgore Avenue Muncie Delaware County
<b>VRP Site Number:</b>	6990825
<b>Project Manager:</b>	Chris Bauer
<b>Date Application Received:</b>	8/20/99
<b>Date Project Completed:</b>	8/6/01
<b>Project Duration:</b>	2 years
<b>Contaminant Group(s):</b>	Benzene, Toluene, Ethylbenzene, Xylene (BTEX)
<b>Media Cleaned Up:</b>	Subsurface Soils and Groundwater
<b>Cleanup Goals Achieved:</b>	Tier II Nonresidential
<b>Deed/Land Use Restrictions:</b>	Property to remain nonresidential

**Project Description:** The site was formerly a service station until the 1980's. During this time, the station included four 1,000-gallon underground storage tanks containing gasoline. The tanks were removed in September 1996. A preliminary assessment in 1998 discovered limited BTEX impacts to the soil and groundwater at the site. Based on this discovery, the site was entered into the VRP & quarterly groundwater sampling began. None of the analytical results for BTEX in soil or groundwater exceeded IDEM VRP Tier II cleanup goals for nonresidential sites.
